

## Instructions

1. Use the Biggie Beads square pegboard for your project. Slide the actual-size pattern underneath it and place all the beads for your design.
2. Cover the completed design with the ironing paper. Keeping the iron level, gently iron the beads in a circular motion for about 20-30 seconds to fuse the beads evenly. Ironed properly, the beads will still have an open center.
3. Once the design is cool, peel off the ironing paper. Lift your design from the pegboard; flip the design over and repeat step #2. Your pegboard and ironing paper are reusable.

You will also need white and pink chenille stems to complete your project.

### Biggie Bead Color and # Needed:

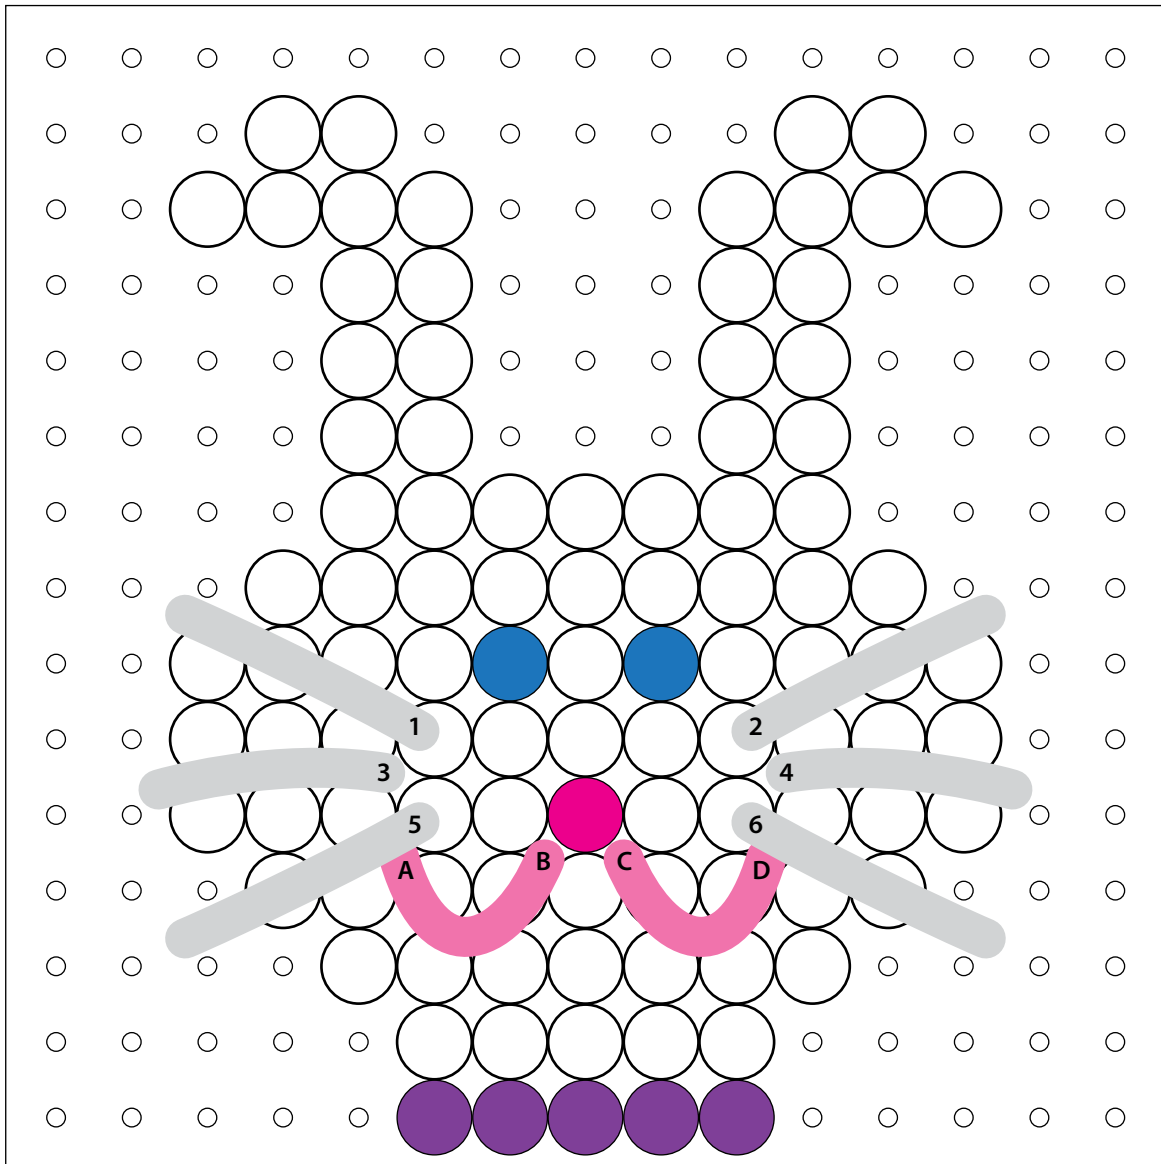

- Magenta - 1
- Blue - 2
- Purple - 5
- White - 85

**Warning: Parents - the ironing must be done by an adult only. Some irons may emit steam. Please keep children at a safe distance.**

## ADDING THE MOUTH AND WHISKERS

**Mouth:** Working from back to front, insert one end of your pink chenille stem in the space between the white beads at A. Go down between the beads at B. Pull the chenille stem through and make the shape as shown. Repeat at points C and D.

**Whiskers:** Cut your white chenille stems into approximately 5" lengths. Insert the first piece down through the hole in the white bead at 1 and pull it through leaving a tail. Come up through a bead at 2. Trim as shown. Repeat for the other whiskers, either working the through beads or the spaces between beads.
