

Instructions

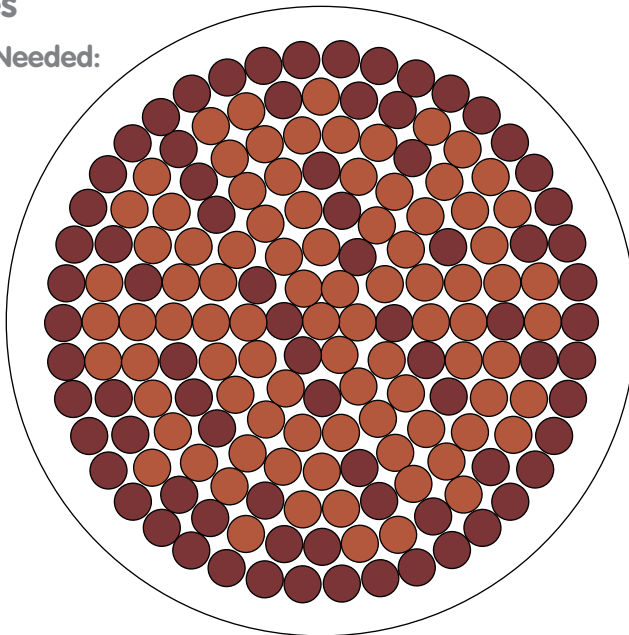

1. Use the large square and small circle pegboards for your project. If you are using a clear pegboard, slide the actual-size pattern underneath it. Now, place all the beads for the design.
2. Cover the completed design with the ironing paper. Keeping the iron level, gently iron the beads in a circular motion for about 10 seconds to fuse the beads evenly. Ironed properly, the beads will still have an open center.
3. Once the design is cool, peel off the ironing paper. Lift your design from the pegboard; flip the design over and repeat step #2. Your pegboard and ironing paper are reusable.

You will also need a needle and some brown thread, plus some craft glue.

Warning: Parents - the ironing must be done by an adult only. Some irons may emit steam. Please keep children at a safe distance.

Bun Top

Bead Color/# Needed:

- Light Brown - 475
- Tan - 10 (see below)

Assembly:

Thread a needle with brown thread. Working through the holes of the beads, sew about 10 tan beads to the smallest piece of the bun top to look like sesame seeds.

Stack all of the cheeseburger pieces to look like the photo, then glue together.
