

## YOU WILL NEED:

### Pegboards:

4 large squares

### Other:

Scissors and clear tape  
Two 16" square pieces of sturdy cardboard  
Tweezers  
Iron and ironing paper  
Quick-drying adhesive (optional)

\* You will need three 1000-bead bags, or one 6000-bead bag

## Bead Colors:

- Red - 378
- Cranapple - 248
- Butterscotch - 51
- Orange - 98
- Cheddar - 122
- Yellow - 222
- Green - 619
- Dark Green\* - 2116
- Blueberry Cream - 27
- Periwinkle Blue - 550
- Dark Blue - 312
- Creme - 69
- Tan - 20
- Rust - 26
- Black - 4
- White - 4

## Instructions

1. Assemble the large square pegboards as shown at right to create your project, placing them on one of the large pieces of cardboard on a heat-safe surface that you can later use for fusing. Cut out and tape together the pattern sections. If you are using clear pegboards, slide the actual-size pattern underneath them. Place your beads following the pattern.
2. Ask an adult to fuse your designs—you can use our Standard Fusing Method explained on page 13, or for large projects on multiple pegboards such as this, you might prefer to use the Tape Method for Fusing Large Projects; for these instructions, please visit [www.perler.com](http://www.perler.com).
3. Assembly: Place the feet/tail for each figure in the slots of its respective base. You can reinforce with quick-drying adhesive if desired.

### Triceratops

### Stegosaurus

### T-Rex

### Brontosaurus

### Bases for Brontosaurus/Stegosaurus

### Bases for Triceratops/T-Rex

Triceratops #1

- Bead Colors:**
- Red
  - Cranapple
  - Dark Green
  - Creme
  - Tan
  - Rust
  - Black
  - White

Triceratops #2

Stegosaurus #1

- Bead Colors:**
- Cranapple
  - Butterscotch
  - Orange
  - Cheddar
  - Yellow
  - Green
  - Dark Green
  - Creme
  - Black
  - White

The image displays a 30x30 grid of circles. A large, stylized letter 'A' is formed by colored circles. The 'A' is composed of several distinct color regions: a purple top section, an orange middle section, a green bottom-left section, a yellow bottom-right section, and a pink bottom-most section. The background of the grid consists of small, light gray circles. The overall shape is a large 'A' with a small 'a' at the bottom right.

T-Rex #1

Bead Colors:

- Cheddar
- Yellow
- Green
- Dark Green
- Creame
- Black
- White

T-Rex #2

T-Rex #3

T-Rex #4

Brontosaurus #1

- Bead Colors:**
- Dark Green
  - Blueberry Cream
  - Periwinkle Blue
  - Dark Blue
  - Black
  - White

Brontosaurus #2

Brontosaurus #3

## Brontosaurus #4

## Fusing Instructions—Only Adults Iron

1. Place your pegboard on a flat, heat-safe surface.
2. Set a household iron to the medium setting. Place ironing paper over the pegboard. In a circular motion, begin to iron the project. Do not press down with the iron. As the beads begin to fuse, you will see circles of the beads start to show through the paper. When ironed properly, the beads will still have an open center. Let the design cool.
3. Remove the paper and bead design from the peg board. Flip the design over to expose the non-fused side. Repeat step two. Let cool completely.

**NOTE:** Beads need heat for about 10-20 seconds per side to fuse evenly. Lift the paper occasionally to see how the beads are fusing. Depending on the size of the project, additional heating time may be required. DO NOT OVER-IRON the beads as it will make the centers of the beads close and can make the assembly you do with your project more challenging.
