

Instructions

1. Use the large square, small square, small hexagon, and butterfly pegboards for your project. If you're using a clear pegboard, slide the actual-size pattern underneath it. Place all the beads for the design.
2. Keeping the iron level, gently iron the beads in a circular motion for about 10 seconds to fuse the beads evenly. Ironed properly, the beads will still have an open center. On a 3-D project such as this, DO NOT OVER-IRON the beads as it will make the centers of the beads close and can make assembly difficult.
3. Once the design is cool, peel off the ironing paper. Lift your design from the pegboard; flip the design over and repeat step #2. Your pegboards and ironing paper are reusable.

You will also need a basket, florist's oasis foam, Easter grass, googly eyes, lime green and pink chenille stems, and craft glue to complete your project.

ASSEMBLY

1. **Basket:** Glue the buds to the basket as shown. Insert the block of oasis foam, and fill the rest of the basket with Easter grass.

2. **Bunny:** Glue googly eyes in place and tie a bow around the bunny's neck with a pink chenille stem.

3. **Flowers:** Insert a lime chenille stem through a lower hole of each tulip to create a flower stem. Insert a lime chenille stem through the center of each daisy, making a small loop for decoration at the flower center. Insert the flower stems into the oasis foam block and arrange as desired.

4. **Position the bunny and eggs with chick in the basket.**
