

YOU WILL NEED:

Pegboards:

- Large hexagon
- Small circle
- Small square

Bead Colors:

-  Creme - 684
-  Butterscotch - 12
-  Rust - 34
-  Tan - 45
-  Brown - 59
-  Cucumber Stripe - 204

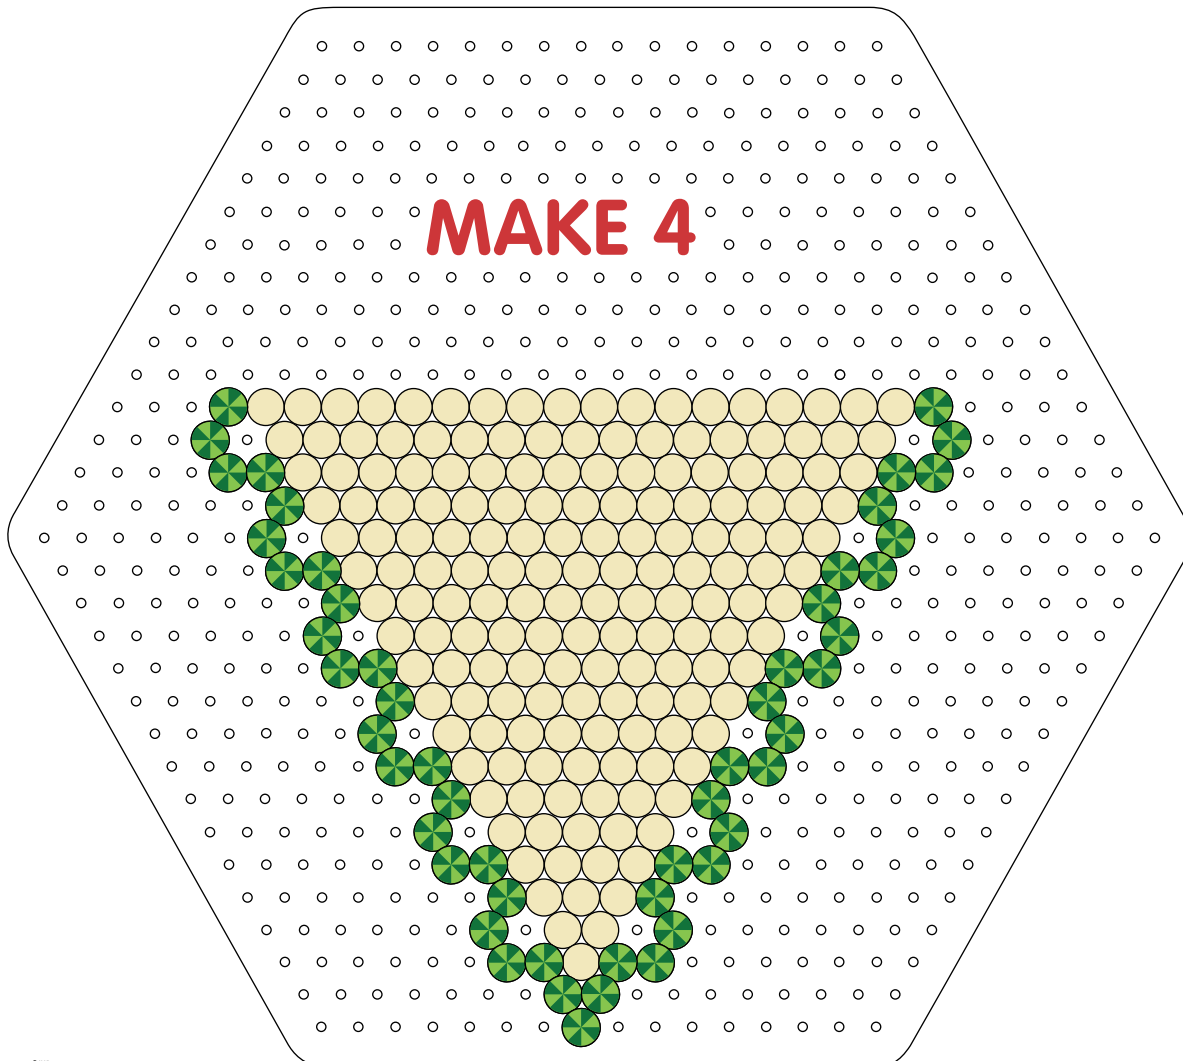

Other:

- 1/8" Ribbon: 1.5 yards
- Craft glue

Instructions

1. Place your beads on the pegboards as shown. If you are using a clear pegboard, slide the actual-size pattern underneath it.
2. Ask an adult to fuse your designs—see page 2 for further instructions.
3. Assembly: see page 2.

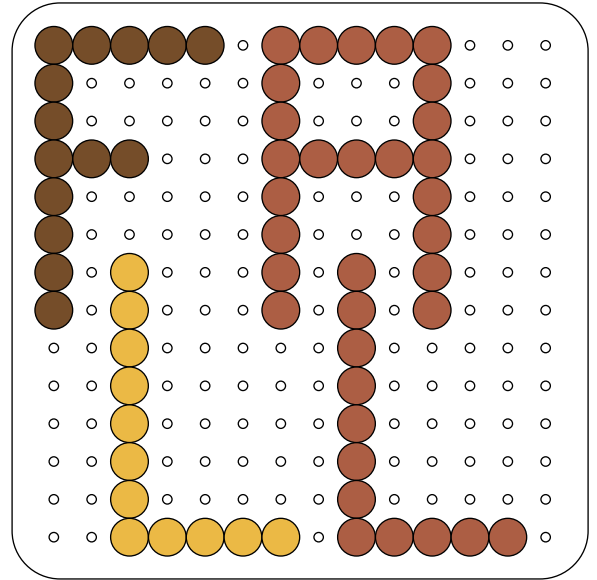

MAKE 3

Bead Colors:

-  Butterscotch
-  Rust
-  Tan
-  Brown

Assembly:

1. Cut a 46" piece of ribbon and thread it in and out of the corners of the pennants to string them together. Leave about 3" between pennants and the excess at each end for hanging.
2. Cut two 8" pieces of ribbon. Tie each in a bow and glue to the two upper corners of the banner as shown.
3. Glue the letters for FALL onto the pennant shapes. Glue the acorns to the ribbon in the spaces between the pennants.

Tie your banner across a doorway, mantel, or shelf!

Fusing Instructions—Only Adults Iron

1. Place your pegboard on a flat, heat-safe surface.
2. Set a household iron to the medium setting. Place ironing paper over the pegboard. In a circular motion, begin to iron the project. Do not press down with the iron. As the beads begin to fuse, you will see circles of the beads start to show through the paper. When ironed properly, the beads will still have an open center. Let the design cool.
3. Remove the paper and bead design from the peg board. Flip the design over to expose the non-fused side. Repeat step two. Let cool completely.

NOTE: Beads need heat for about 10-20 seconds per side to fuse evenly. Lift the paper occasionally to see how the beads are fusing. Depending on the size of the project, additional heating time may be required. **DO NOT OVER-IRON** the beads as it will make the centers of the beads close and can make any assembly you do with your project more challenging.
