# perler®

### YOU WILL NEED:

**Pegboard:**  
Small hexagon

**Other:**  
Cellophane gift bags  
Red pen or marker  
Scissors  
Ribbon: red

### Beads Needed per Gift:

● Red - 80

### Instructions

1. Place your beads on the pegboards as shown. If you are using a clear pegboard, slide the actual-size pattern underneath it.
2. Ask an adult to fuse your designs—see below for further instructions.
3. Assembly: For each favor, print and cut a wave circle from the next page.
4. Above the waves, write the message "Glad we're in the same school!" or another of your choosing.
5. Insert the wave circle and fish into the cellophane gift bag. Tie the bag closed with a piece of red ribbon.

### Fusing Instructions—Only Adults Iron

1. Place your pegboard on a flat, heat-safe surface.
2. Set a household iron to the medium setting. Place ironing paper over the pegboard. In a circular motion, begin to iron the project. Do not press down with the iron. As the beads begin to fuse, you will see circles of the beads start to show through the paper. When ironed properly, the beads will still have an open center. Let the design cool.
3. Remove the paper and bead design from the peg board. Flip the design over to expose the non-fused side. Repeat step two. Let cool completely.

**NOTE:** Beads need heat for about 10-20 seconds per side to fuse evenly. Lift the paper occasionally to see how the beads are fusing. Depending on the size of the project, additional heating time may be required.
