After all of the pieces are fused, use the jump rings to connect the sections as shown by the blue lines.

The diagram below shows how to open the jump ring with the needle nose pliers. Twist the ends in opposite directions, don't pull outward to separate the ends.

Add the cord for the hanger as follows:

- a) Working from front to back, insert the ends of the cord through the innermost beads on the top row of the heart.
- b) Bring the ends up through the innermost beads on the fourth row of the heart and tie a knot in the center.
- c) Take the ends of the cord down three beads away from the knot and secure the ends on the back with a dab of craft glue.
