

Joy Banner

YOU WILL NEED:

Pegboard:
Large square

Other:
Ironing paper & iron
Heavy cord or yarn
Large jump rings

Bead Colors:

- Red - 412
- Dark Green - 288
- White - 1136
- ⊗ Spearmint Stripe - 333

Instructions

1. If you are using a clear pegboard, slide the actual-size pattern underneath it. Place your beads on the pegboards as shown.
2. Ask an adult to fuse your designs—see page 3 for further instructions.

ASSEMBLY

1. Determine the spacing you want for the letters. Cut lengths of heavy cord or yarn 12" longer than this space.
2. Tie the J and the O together working through the open slots at the right on the J panel and at the left on the O panel. Secure with a knot at each panel. Repeat for the O and Y.
3. Hangers: Tie longer lengths of cord or yarn at the left side of the J and at the right side of the Y.
4. Add the ornaments to the bottom center of the letter panels with large jump rings.

Fusing Instructions—Only Adults Iron

1. Place your pegboard on a flat, heat-safe surface.
2. Set a household iron to the medium setting. Place ironing paper over the pegboard. In a circular motion, begin to iron the project. Do not press down with the iron. As the beads begin to fuse, you will see circles of the beads start to show through the paper. When ironed properly, the beads will still have an open center. Let the design cool.
3. Remove the paper and bead design from the peg board. Flip the design over to expose the non-fused side. Repeat step two. Let cool completely.

NOTE: Beads need heat for about 10-20 seconds per side to fuse evenly. Lift the paper occasionally to see how the beads are fusing. Depending on the size of the project, additional heating time may be required. **DO NOT OVER-IRON** the beads as it will make the centers of the beads close and can make the assembly you do with your project more challenging.
