Green* - 40

Light Green* - 48

Parrot Green* - 131

Evergreen* - 98

Turquoise - 40

Transparent

Turquoise* - 69

Dark Blue - 40

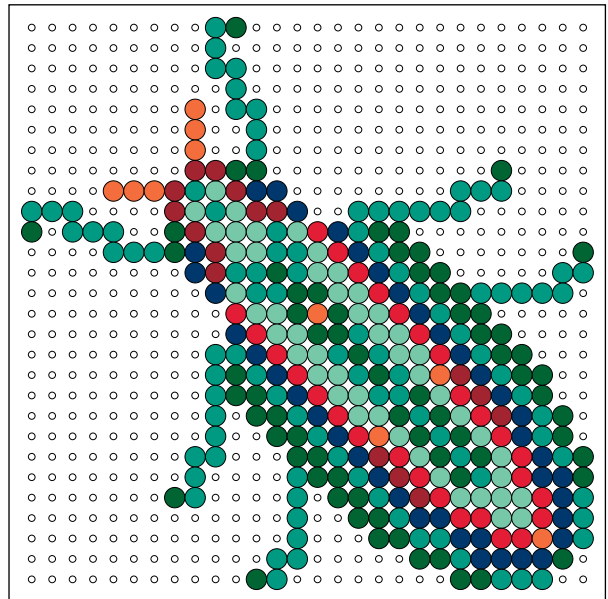

Dark Grey - 75

Black - 36

*These colors are all available in the Mini Beads Large Tray 80-17537.

Instructions

1. Slide the actual-size pattern underneath the pegboard and place your beads as shown.
2. An adult should fuse the designs—see page 2 for further instructions.
3. Assembly: Mount your scrap fabric pieces into the 3 hoops, making sure the fabric is taut and that the screw is tightened. On the back, trim away the excess fabric by cutting at the edge of the hoop.
Add the beetles by hot-gluing in place as shown.

Fusing Instructions—Only Adults Iron

1. Place your pegboard on a flat, heat-safe surface.
2. Set a household iron to the medium setting. Place ironing paper over the pegboard. In a circular motion, begin to iron the project. Do not press down with the iron. As the beads begin to fuse, you will see circles of the beads start to show through the paper. When ironed properly, the beads will still have an open center. Let the design cool.
3. Remove the paper and bead design from the pegboard. Flip the design over to expose the non-fused side. Repeat step two. Let cool completely. Your pegboard and ironing paper are reusable.

NOTE: Beads need heat for about 10 seconds per side to fuse evenly. Lift the paper occasionally to see how the beads are fusing. Depending on the size of the project, additional heating time may be required.
