

YOU WILL NEED:

Pegboards:

- Small square
- Small hexagon

Bead Colors:

- Red - 65
- Toothpaste - 54
- White - 15

Other:

- Ribbon: 1/4"
- Cardstock: white
- Quick-drying adhesive
- Rubber stamp greeting (optional)

Instructions

1. Place your beads on the pegboards as shown. If you are using a clear pegboard, slide the actual-size pattern underneath it.
2. Ask an adult to fuse your designs—see below for instructions.
3. Assembly: see page 2.

Fusing Instructions—Only Adults Iron

1. Place your pegboard on a flat, heat-safe surface.
2. Set a household iron to the medium setting. Place ironing paper over the pegboard. In a circular motion, begin to iron the project. Do not press down with the iron. As the beads begin to fuse, you will see circles of the beads start to show through the paper. When ironed properly, the beads will still have an open center. Let the design cool.
3. Remove the paper and bead design from the peg board. Flip the design over to expose the non-fused side. Repeat step two. Let cool completely.

NOTE: Beads need heat for about 10-20 seconds per side to fuse evenly. Lift the paper occasionally to see how the beads are fusing. Depending on the size of the project, additional heating time may be required. DO NOT OVER-IRON the beads as it will make the centers of the beads close and can make any assembly you do with your project more challenging.

3.

1. Cut a 4" x 8" piece of white cardstock and fold in half to make a top-folding card.

2. From back to front, insert the two ends of the ribbon through the two top holes of the ornament. Pull the ends to the front, leaving a 3" high hanger. Wrap the ends once around the hanger and tie in a bow. Angle cut the ends.

3. Make a 1/4" hole in the card front about 1" down from the top center. Insert the ornament hanger through the hole and pull all the way to the inside of the card. Secure with a piece of tape. Your card now includes the gift of an ornament that can be hung on the tree!
