Scary Ghosties

Instructions

- 1. Use the large square peaboard for your project. If you're using a clear pegboard, slide the actual-size pattern underneath it. Place all the beads for the design.
- 2. Cover the completed design with the ironing paper. Keeping the iron level, gently iron the beads in a circular motion for about 10 seconds to fuse the beads evenly. Ironed properly, the beads will still have an open center. On a 3-D project such as this, DO NOT OVER-IRON the beads as it will make the centers of the beads close and can make assembly difficult.
- 3. Once the design is cool, peel off the ironing paper. Lift your design from the pegboard; flip the design over and repeat step #2. Your pegboard and ironing paper are reusable.

You will also need thread or fishing line, two 16" lengths of 20 gauge wire, and a pencil to complete your project.

Wrap each length of wire around a pencil to create a spring approximately 3-4" long.

Ask an adult to help push the spring ends through the designs and feet as shown.

Slide the feet onto the tombstone. Then slide the tombstone into the slot in the base.
