

YOU WILL NEED:

Pegboard:

- Dinosaur

Other:

- Pink embroidery floss
- Needle
- Scissors

Bead Colors:

- Light Pink - 1
- Pink - 42
- Kiwi Lime - 116
- Black - 1
- Cucumber Stripe - 46
- Zebra Stripe - 13

Instructions

1. Place your beads on the pegboard as shown.
2. Ask an adult to fuse your designs—see below for further instructions.

ASSEMBLY

To create the helmet strap, thread the needle with embroidery floss. (Note: if smaller children are making this project, an adult will want to do this step).

Insert the needle at the bottom of the helmet as shown. Tie the thread ends in a knot or a bow, then trim the excess.

Fusing Instructions—Only Adults Iron

1. Place your pegboard on a flat, heat-safe surface.
2. Set a household iron to the medium setting. Place ironing paper over the pegboard. In a circular motion, begin to iron the project. Do not press down with the iron. As the beads begin to fuse, you will see circles of the beads start to show through the paper. When ironed properly, the beads will still have an open center. Let the design cool.
3. Remove the paper and bead design from the peg board. Flip the design over to expose the non-fused side. Repeat step two. Let cool completely.

NOTE: Beads need heat for about 10-20 seconds per side to fuse evenly. Lift the paper occasionally to see how the beads are fusing. Depending on the size of the project, additional heating time may be required. **DO NOT OVER-IRON** the beads as it will make the centers of the beads close and can make any assembly you do with your project more challenging.
