

Snowflake Ornament Set

YOU WILL NEED:

Pegboards:

- Large star
- Small star
- Small hexagon

Bead Colors:

- Creme - 1213

Other:

- Clear adhesive gems
- Ribbon: 2 yards
- Craft glue

Instructions

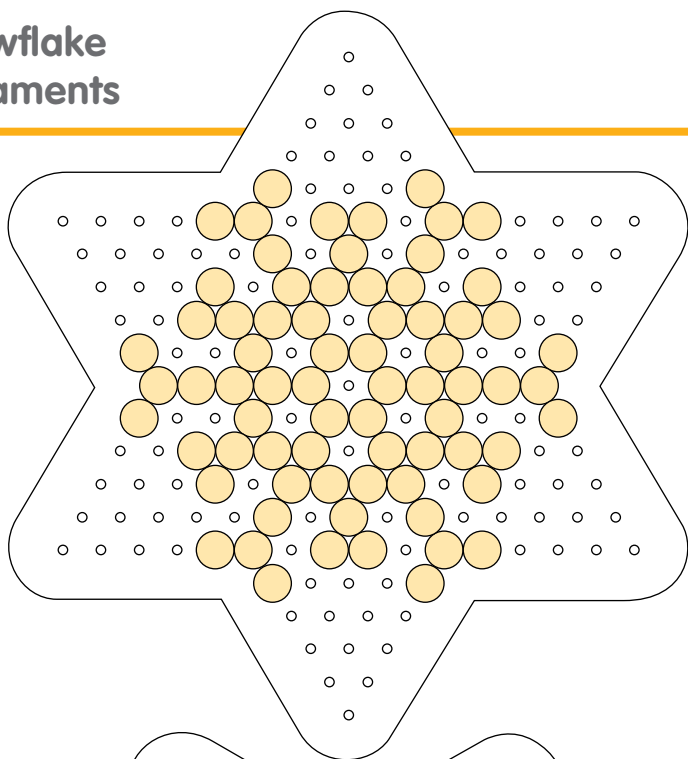

1. Place your beads on the pegboards as shown. If you are using a clear pegboard, slide the actual-size pattern underneath it.
2. Ask an adult to fuse your designs—see page 2 for further instructions.
3. Embellish the snowflakes with clear adhesive gems as desired—remember to do both sides!
4. **Garland:** Along a yard length of ribbon, tie an overhand knot approximately every 5". Glue a small ornament to each knot. Notch the ribbon ends as shown.

5. **Ornaments:** Take an 8" length of ribbon and fold in half. Knot the ends together in an overhand knot with short tails. Glue the knot to the ornament.

MAKE 3

Fusing Instructions—Only Adults Iron

1. Place your pegboard on a flat, heat-safe surface.
2. Set a household iron to the medium setting. Place ironing paper over the pegboard. In a circular motion, begin to iron the project. Do not press down with the iron. As the beads begin to fuse, you will see circles of the beads start to show through the paper. When ironed properly, the beads will still have an open center. Let the design cool.
3. Remove the paper and bead design from the peg board. Flip the design over to expose the non-fused side. Repeat step two. Let cool completely.

NOTE: Beads need heat for about 10-20 seconds per side to fuse evenly. Lift the paper occasionally to see how the beads are fusing. Depending on the size of the project, additional heating time may be required. To maintain the lacy look of the snowflakes, **DO NOT OVER-IRON** the beads as it will make the centers of the beads close.
