## Balthazar

## Caspar

## Instructions

1. The patterns for Balthazar and Caspar require 2 boards to be assembled as shown at left. Cut these patterns out and tape together in the same way. If you are using clear pegboards, slide the actual-size pattern underneath them. Place your beads on the pegboards as shown.
2. Ask an adult to fuse your designs—see page 7 for further instructions.
3. Assembly: see page 7.

## Fusing Instructions—Only Adults Iron

1. Place your pegboard on a flat, heat-safe surface.
2. Set a household iron to the medium setting. Place ironing paper over the pegboard. In a circular motion, begin to iron the project. Do not press down with the iron. As the beads begin to fuse, you will see circles of the beads start to show through the paper. When ironed properly, the beads will still have an open center. Let the design cool.
3. Remove the paper and bead design from the peg board. Flip the design over to expose the non-fused side. Repeat step two. Let cool completely.

**NOTE:** Beads need heat for about 10-20 seconds per side to fuse evenly. Lift the paper occasionally to see how the beads are fusing. Depending on the size of the project, additional heating time may be required. **DO NOT OVER-IRON** the beads as it will make the centers of the beads close and can make the assembly you do with your project more challenging.

## ASSEMBLY

All three figures are assembled in the same way:

1. Embellish each figure as desired with adhesive gems.
2. Gifts: Insert the small 4-squares of beads into the gifts at a right angle, then into the hands of each Wise Man.
3. Stands: Insert the feet into the base for each figure. This enables each of the Wise Men to be displayed upright.
